

HYPOESTES CARE GUIDE

Hypoestes

Common Names: Polka dot plant, flamingo plant, freckle face, measles plant, pink dot.

WATER

Water when the top half inch of soil is dry. In the Winter, cut back on watering. Prefers a moderate to high humidity environment.

LIGHT

Bright, indirect sunlight indoors, and partial sunlight outdoors. Too much light can cause the variegation to fade.

FERTILIZER

Once a month during the Spring and Summer.

SOIL TYPE

Well draining and rich in organic matter. Tropical indoor plant mix with pumice or bark helps with drainage. Keep soil moderately moist at all times.
